Business Motion and Bylaw Amendments

3 proposed motions and 10 proposed bylaw amendments.

We will vote on whether to discuss at world service or at during next meeting in March.

1. Proposed- change from young people to young adults (wording)

2. Amend WSBC policy to stipulate – do not convince any member or visitor to adopt a belief in God.
3. Change to state that OA has no opinion on the various medically recommended methods of weight management (vs just bariatric)

There are other listed bylaw amendments:

1. Amendments to remove region 4 wording as Region 4 has been incorporated into Region 5. (update wording to reflect current region structure).
2. Add in another qualification for trustees to include specific ideas in writing to improve the health and long-term survival of the fellowship
3. Change the number of trustees to between 13 and 15 (instead of 17).
Proviso: the number of trustees may be reduced by attrition as vacancies occur with no elected trustee being removed as a result of this amendment
4. Remove requirement of at least 55% of the registered groups responding to proposed motions and amendments for them to be approved.
5. Update future publications to remove he/him when referring to God.
6. Change the World Service meeting to video conferencing platform only
7. Add to bylaws that volunteers may address the World Service Business Conference (already happening, just updating the bylaws)
8. Amendment to clarify full requirements for meeting scheduling
9. Clarification on trustee application submissions - 90 days before the annual conference of OA to submit up to 3 nominees per region to the Board and may affirm nominations 90 days before the conference
10. Service body groups may choose to affiliate geographic region where group exists or with Virtual Region.
11. Change all Board of Trustee meetings to solely online videoconferencing services
